WOMEN AT WORK

Surviving the Challenges of Career Engineers in this World

38% of women engineers leave the field (one in four women vs one in ten men after the age of 35). AAUW's most recent research indicates that the work environment is a primary factor. To further our mission, we will hear from some outstanding women engineers on the challenges and solutions for women today.

SPEAKERS

Abby Adesina-COE of her own firm Crest Coaching and Consulting

Laurie Cantileno-Service Delivery Executive, Cisco Systems, Inc.

Sandra Kopecky-Senior Oracle Database Programmer/Analyst/Administrator, NYIT adjunct professor and doctoral student at Pace University
