NetSmartz Workshop is an interactive, educational program of the National Center for Missing & Exploited Children® (NCMEC) that provides age-appropriate resources to help teach children how to be safer on- and offline. The program is designed for children ages 5-17, parents and guardians, educators, and law enforcement. With resources such as videos, games, activity cards, and presentations, NetSmartz entertains while it educates.

Our Goals:

Educate children on how to recognize potential Internet risks

Engage children and adults in a two-way conversation about on- and offline risks

Empower children to help prevent themselves from being exploited and to report victimization to a trusted adult

Resources for Parents: http://www.netsmartz.org/Parents
- Parenting wired kids can be difficult, especially if you didn't grow up with the same technologies. These resources can help.

Resources for Educators: http://www.netsmartz.org/Educators
- Educating students about Internet safety can be difficult, especially with constantly changing technologies and classroom time constraints. These resources can help.

Resources for Law Enforcement: http://www.netsmartz.org/LawEnforcement
- With today's changing technologies, educating your communities about Internet safety is becoming more and more important. These resources can help.

Resources for Teens: http://www.netsmartz.org/Teens
- There's a lot to deal with on the Internet—cyberbullies, privacy settings, gossip, and even creeps. These resources can help you navigate the Internet while guarding your reputation.
