EQUITY IS STILL AN ISSUE

Rationale: In support of the AAUW NYS Economic Equity Initiative, we are asking you to participate in a field survey of dispatchers to gather information regarding pay equity. The results will be used by the NYS Pay Equity Coalition to gather support for the NYS Fair Pay Bill.

This is an area where inequities have been found and we are searching for other such inequities. You will be seeking information primarily about public employees. This should be available as a matter of public record.
