

SCRAPBOOK

Scrapbooks are valuable tools for preserving branch activities and memories.

A. STATE SCRAPBOOK PROJECT - CONTINUING FOR 2007-2008

Your branch has been given three scrapbook pages (six counting front and back).

Complete the first two pages (front and back) for display by the state historians at the state convention in April. These pages should highlight your branch activities for the year 2007-2008 up to convention time. The pages will not be returned, so you may want to give us a copy of them. If no one from your branch is attending the state convention, mail the pages to one of us (addresses below) by April 12.

Complete the last scrapbook page and mail it, or a copy of it (it will not be returned), to one of us by the end of June. This way we will have a record of your entire 2007-08 year. All of the pages will be placed in your branch folder in the NY State AAUW Archives at the University of Rochester.

The pages you have received are archival safe. If you want to use another color of paper, not the white, please make sure that it is archival safe. This should also be taken into consideration in your branch scrapbook. (Some paper is now labeled as archival safe or acid free. Scrapbook supplies are a good source, as are office supply stores, but check the labels.)

Newspaper articles (copied on archival safe paper), pictures, programs, or whatever, can be used. Use your best “scrap booking” techniques, but give a good representation of your branch activities for the year.

B. BRANCH SCRAPBOOK

Each branch is encouraged to maintain a branch scrapbook.

Items that could be included:

Newspaper articles about the branch (photocopied on archival or acid free paper)

Newspaper articles about branch members, not necessarily related to their

AAUW participation (photocopied on archival or acid free paper)

Programs of meetings

Project summaries

Membership lists

Photographs – labeled- who, when, what, where

Memorabilia of meetings and projects

Pictures of event (place, candid shots, speakers), favors, programs, pictures, names of attendees

Anything your branch believes is relevant to highlight and preserve your branch activities, projects and membership

The scrapbook should be kept in the branch archives.

See sample scrapbook pages following this page.

WIND ENERGY PROGRAM FOR EDUCATIONAL FOUNDATION DESSERT

Our annual **Dessert Fundraiser for the Educational Foundation** will be held on **Thursday, November 2nd at 7:00 pm** at **The Glen at Hiland Meadows** on Meadowbrook Road, Queensbury. Please plan to join us and bring spouses and friends for our dessert buffet and social time. Since it is held to benefit EF, the donation will be a minimum of \$10 per person. **Checks should be made out to AAUW Educational Foundation.**

At 7:45 pm we will move to their Conkling meeting room for our program about wind power, currently a hotly contested discussion item in many places in the United States, with many arguments for and against it. Jim McAndrews, of the Barton Group and perhaps the most informed individual in the Northeast about the subject, and Woody Widlund, environmental activist, will present a program - "**Start Global Cooling With Wind Energy**" - with some particulars about the proposed project near Gore Mountain and a chance for you to ask questions about this topic. This should be very informative and interesting; we hope to see you there!

LAKE GEORGE

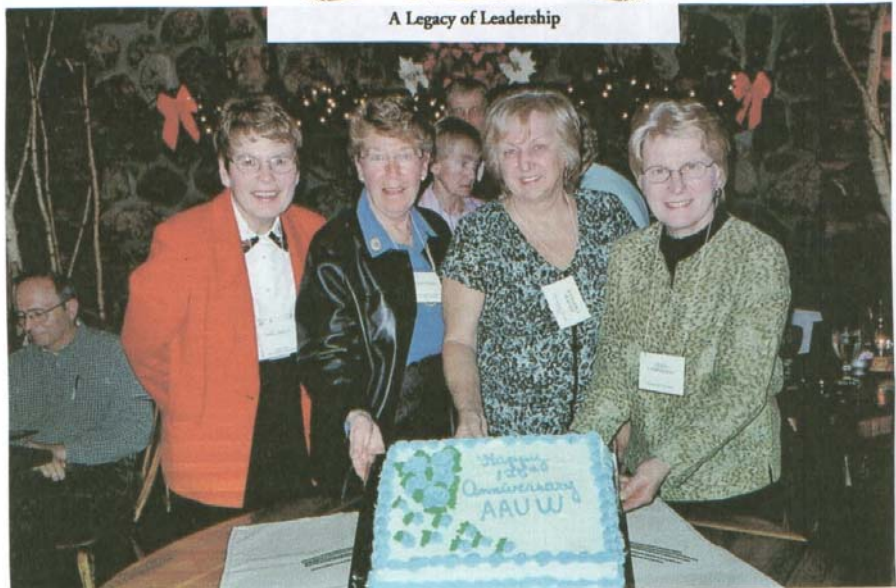

AAUW Dinner ♦ The Adirondack Branch of the American Association of University Women will gather for a dinner meeting at 5:30 p.m. Nov. 30 at the Log Jam Restaurant on Route 9.

The featured speaker, Josh Murphy from Scoville Jewelers, will discuss gems, diamonds in particular.

Our branch will also be celebrating the 125th anniversary of the founding of the American Association of University Women.

For dinner reservations, contact Rachel Quackenbush at 747-6076.
