

Because
Equity
is
Still
an
Issue.

ARE YOU WORTH
\$528,000
LESS THAN A **MAN?**

A typical college-educated woman working full time earns \$44,200 a year vs. her male counterpart who earns \$61,800 a year. That's a difference of \$17,600 per year. Over 30 years that loss adds up to **over half a million dollars.**

(From AAUW research - Gains in learning, Gaps in earning 2005)
